SEMESTER 4 - 2009 - 12 Small groups needing 4th years

MS2 assigned to individual preceptor begins October 2008

All semester 4, each small group is the same format

1. Each MS2 must present TWO cases to small group – small group identifies Problem List, pertinent positives and negatives from H&P, writes admit orders, determines assessment and three part plan (practice cases in binders for first few weeks until students have their own patients to work through)
2. Interpret assigned EKGs
3. Interpret CXRs

DRAFT SCHEDULE

WEEK	DATE	TOPIC	Lecturer	Small group
